Halley's world is full of hand-outs and hand-me-downs. Even her apartment bedroom is shared, with her distant and self-centered mother. Halley has only a battered blue truck to call her own--until she meets Edmund, the second Earl of Shaftesbury. Edmund has a manor, employs dozens of servants, and has never been close to falling in love--until Halley crashes into his life during an accidental trip to 1598. Now a spiraling series of encounters with a dangerous time-traveling thief will bring their worlds together with heartbreaking ramifications.

This is a new release of an edition originally published by Williams Press.
