BONUS: This edition contains an *Angel Falls* discussion guide and an excerpt from Kristin Hannah's *Distant Shores*.

When Mikaela Campbell, beloved wife and mother, falls into a coma, it is up to her husband, Liam, to hold the family together and care for their grieving, frightened children. Doctors tell him not to expect a recovery, but he believes that love can accomplish what medical science cannot. Daily he sits at her bedside, telling her stories of the precious life they have built together, hoping against hope that she will wake up. But then he discovers evidence of his wife's secret past: a hidden first marriage to movie star Julian True.

Desperate to bring Mikaela back at any cost, Liam knows he must turn to Julian for help. But will that choice cost Liam his wife, his family, and everything he holds dear? One of Kristin Hannah's most moving novels, *Angel Falls* is a poignant and unforgettable portrait of marriage and commitment, of an ordinary man who dares to risk everything in the name of love.

Amazon.com Review

Nestled into the hills of the Northern Cascade Mountains in Washington state, Liam and Mike (Michaela) Campbell have a picture-perfect marriage and family. While Liam enjoys the comforts of being a small-town doctor with an old family name, Mike cares for their two children and her beloved horses. But when a horrible accident leaves Mike in a coma, Liam frantically searches for a way to ignite her memories and awaken her. What he discovers makes him question the foundations of their love, as Mike has a secret past as "Kayla" and a previous marriage to her first love,

Julian True. Though still in a coma, Mike responds to these stories. Liam knows he must contact Julian, and gamble his future on the past memories of a woman whose true identity and feelings are unknown to him.

Kristin Hannah's talent for writing poignant tales of duty, passion, identity and family bonds made last year's *On Mystic Lake* a bestseller, and will certainly rake in the fans this time. (Imagine Danielle Steel without the Gucci bags or aging corporate CEOs.) While the majority of the novel has our heroine knocked out on a hospital gurney, Hannah makes valiant efforts to bring Mike's character to life, and Liam's enduring love should keep you rooting for him and reaching for the hanky. --Nancy R.E. O'Brien
