This edition features George Orwell's best known novels -*1984* and *Animal Farm*- with an introduction by Christopher Hitchens.

In *1984*, London is a grim city where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith joins a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be.

Animal Farm is Orwell's classic satire of the Russian Revolution -- an account of the bold struggle, initiated by the animals, that transforms Mr. Jones's Manor Farm into Animal Farm--a wholly democratic society built on the credo that All Animals Are Created Equal. But are they?
