Are you tired of your job? Looking for something more rewarding and profitable? Have you ever thought, or been told, "You should write a book, or start a business!"

Well, it's time to give it a shot.

Jesse has self-published two books, which are both #1 bestsellers on track to generate \$30,000 per year in passive income. Beyond book sales, Jesse has leveraged his books to build a business that earned over six figures in its first year.

Other part-time authors are doing far better, earning six, or even seven figures per year. Many have leveraged their books to build multimillion-dollar business ventures. This wasn't possible ten years ago, but the publishing industry has changed. People are finding unparalleled freedom and wealth through writing, and you can too. Authorpreneur will show you how.

Inside Authorpreneur, you'll learn:

- Why writing a book is the new PhD
- How a book can make you rich, credible, and immortal
- The three critical traits to succeed as a writer
- Why everyone is a salesman
- The 50% Rule
- The three approaches to finding a marketable topic to write about
- How to find contractors for quality book production

How to choose a title that doesn't suck
How to get reviews before launching
When to launch, and what to do AFTER it's over

...plus so much more.

What are you waiting for? It's time to write your book.
