Learning—and remembering—everything you need to know about the AP Environmental Science test can seem overwhelming. With help from this updated test preparation manual, however, test-takers will learn all they need to succeed on this test, including:

- Two full-length practice exams with all questions answered and explained
- A detailed review of all test topics, including updates based on recent developments and changes in environmental laws, case studies that reflect topical environmental events, and practice questions and answers for each content area
- An overview of the format of the exam plus answers to frequently asked questions about this test
- Hundreds of diagrams and illustrations, including brand new tables, charts, and figures

BONUS ONLINE PRACTICE TESTS: Students who purchase this book will also get FREE access to three additional full-length online AP Environmental Science tests with all questions answered and explained.
