What's Big Sexy Love about?

Olive Brewster is living a small, safe life. She's happy enough with her job at the local market, it's no big deal that she doesn't have a boyfriend, she even likes that she still lives in her childhood home. No drama and no fuss means no problems! And that's just how she likes it.

Except ... Olive's best friend in the world, Birdie, is dying.

Birdie has one final wish. She wants to track down her first love, her epic once in a lifetime love, her "Big Sexy Love", Chuck. And because she's stuck in the hospital she needs Olive's help to do it. But there's a teeny problem: Chuck is somewhere in New York and Olive has never even left her home town, let alone roamed the crazy streets of Manhattan!

As if the big city isn't scary enough, Olive has to contend with Seth, a cocky comedy TV writer who thinks she's a joke; Anders, a bored socialite who's taken a shine to her; and the fact that no matter how hard she tries to track down Chuck, he does *not* seem to want to be found.

Can Olive learn to overcome her fears, abandon her old safe routine and fulfil her best friend's dying wish? It's going to take extra bravery, one badass attitude and a whole lot of Big Sexy Love to make it happen ...
