All I wanted was a second chance with her...

I had to leave the one person that I truly loved and that truly loved me. Running away from problems was the easiest way for me to deal with things and I honestly thought that part of my life was over until she showed up in the airport.

More beautiful than I could remember. I have everything, except the one thing that I needed in my life. I have missed out on a life with her for years but I don't want another day of wondering what if.

She is not as welcoming to reconciling, but I would do anything to get close to her again.
