If*cked my son's babysitter and now she's having my baby... for Christmas.

I'm a single dad who runs a company.

I don't have much time left over for myself.

So should I feel guilty for wanting the babysitter next door?

She's mostly away at college.

But when she's home, she looks after my son.

And I look after her.

And her curves.

And her sweet spot that only I know how to touch.

Her parents think I go out a lot.

They don't know I like to stay in - in their daughter.

But this Christmas, she's bringing home a special package.

It's in her belly.

And it has my name on it.

Uh oh. I guess we can't blame this one on Santa...

*Christmas Daddy Next Door is a stand-alone novel of 80000 words. It's s*xxy and heart-warming to get you into the Christmas spirit! I've also included some bonus novels for your enjoyment.*
