She's back. She's beautiful. And I plan to make her mine.

Although I come from a family who talks with their fists, I rule the Southside of Boston more strategically... with brains, and a little brawn, if necessary. Mess with me, and I'll take you down.

What I don't expect is to be taken to my knees by little Amelia Byrne, the blue-eyed goddess who's swept back into my life. She was too young for me when she left the Southside. She isn't too young anymore.

Amelia is quickly becoming my obsession. My addiction. And she's got secrets she doesn't want me to know. But I have secrets too.

The first one is that I plan to claim her. And when she's mine, I'll never let her go.
