I can't stay away. And that will lead to my destruction.....

Jaxson

The Black Devils saved me from myself
But I became a monster in the process.
My club gave me a world I fit into.
It's too late. It's who I am now. I can't change.

Ten years ago, I made a mistake...
a long-buried secret that plagues my mind.
Since then, guilt has raged through my soul.
I vowed to do anything to protect her.
Anything, even if I had to come back from hell...

I've learned all my lessons the hard way.
I could not watch her do the same
Her life was headed in the right direction.
The problem was; I couldn't stay away.
She had become my center.

Chloe

I lost my father to the Bloods'.
It consumed me with fear and hate.
Their world broke my family and tore my mother apart
It crashed her world and that I could never forgive.
But, I can't let fear and hate sway what I feel in my heart.

Sometimes Jax would make me forget the pain.
He gave me the love I was missing.
But I secretly fear his darker side.
Jax is a biker with a shady past.
It's suicide for us to be together.
In more ways than one...

But, Jax is not a man to be held back and I'll never betray my heart.
It's too late; my heart craves Jaxson like a cruel twist of fate.
