A fascinating and disturbing collection of true crime stories drawn from legal expert Linda Fairstein's real-life personal files.

In this collection of horrifyingly true stories, Linda Fairstein provides an in-depth look inside the minds of such psychopaths as Ted Bundy and the Craigslist Killer. Drawing on decades of experience as a sex crimes prosecutor in New York City, she delves into the atrocities of these cold-blooded criminals and explains how they target their unsuspecting victims. A true victim advocate, she deftly touches on taboo subjects like law enforcement's astounding failure to process rape kits, as well as the false rape claims that ruin innocent people's lives.

With her background in the Special Victims Bureau, Fairstein offers an unfiltered view of rape in the United States. But she doesn't stop there: She uses her understanding of the inner workings of violent criminals' minds to outline ways for women to protect themselves.
