I hired her to fix my company, to bring Marks Lingerie back to life. I didn't expect her to become my friend. I didn't expect to fall in love with her.

The first rule of business is to never touch your employees. I think there is another rule about not falling for your best friend—a rule against imagining the curves of her body, or the way her breathing would change if I pulled down her panties and unzipped my pants.

Now, I can't wait any longer. I'm tossing out the rules.

Damn the company.

Damn our friendship.

Damn my fears.

Note: This is a standalone novel with no cliffy and a complete HEA ending. The Unzipped series is a collection of standalone romances, all set in the fashion industry.
