

PDF | Lowcountry Stranger (Sweeney
Sisters Series Book 2)

by Ashley Farley

[Try Audible and Get Two Free Audiobooks](#)

Family Drama, Southern Style.

There's a stranger in town. And it's no coincidence when she shows up uninvited at a Sweeney family wedding. All eyes are drawn to this urchin who seems to have washed in with the tide. Before the night is over, the doe-eyed waif charms young and old with her street smarts and spunky personality. For better or worse, Annie Dawn is here to stay.

The memorable Sweeney sisters from Her Sister's Shoes have returned with more suspense and family drama to hold you spellbound until the dramatic conclusion.

This is a new release of an edition originally published by Leisure Time Publishing.
