Kaplan's *MCAT Complete 7-Book Subject Review 2019-2020* offers an expert study plan, detailed subject review, and three full-length online practice tests - all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined.

Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way - offering guidance on where to focus your efforts and how to organize your review. *MCAT Complete* covers every topic on the official content lists, and the books in this set have been updated to match the AAMC's guidelines precisely - no more worrying if your MCAT review is comprehensive!

#### *The Most Practice*

- More than 350 questions in each book and access to even more online - more practice than any other MCAT set on the market.

#### *The Best Practice*

- Comprehensive subject review is written by top-rated, award-winning Kaplan instructors.
- Full-color, 3-D illustrations from *Scientific American*, charts, graphs and diagrams help turn even the most complex science into easy-to-visualize concepts.
- All material is vetted by editors with advanced science degrees and by a medical doctor.

- Online resources, including three realistic practice tests, help you master the computer-based format you'll see on Test Day.

### *Expert Guidance*

- High-yield badges throughout the books identify the top 100 topics most-tested by the AAMC.
- Full-color, 24-page Quicksheets emphasize the most important information in visual form.
- We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available.
- Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test.
