From next-door neighbors to BFFs, *Pretty Little World* coauthors Elizabeth LaBan and Melissa DePino share how they became each other's "person," proving that friends can be the greatest loves of our lives.

Sometimes our soul mates live down the street. Melissa finds hers when she opens the door for her new neighbor, Elizabeth. Over many years, their lives become intertwined as they support each other through pregnancy and motherhood, divorce, bereavement, and starting over. This is the story of finding a life partner under a different roof.

Neighbors is part of *The Real Thing*, a collection of moving, hilarious, and big-hearted essays on the modern realities of friendship, romance, commitment, and love, with art by Geoff McFetridge. Each story can be read—or listened to—in a single sitting.
