Emily's looking for the father of her child.

I'm searching for the mystery woman who rocked my world one night.

I never thought I'd find her - or the surprise accident she's been hiding from me...

It was just another charity ball.

Until I saw the beauty in the red dress.

Sassy and curvy, she had to be mine.

I told her I only do one night stands.

But she gave herself to me anyway - completely.

I commanded her body like the world was going to end.

And then she was gone, leaving me with an insatiable longing for more.

I searched for her everywhere.

Used all of my power and wealth.

And now I've finally found her.

She has something that belongs to me.

A secret she won't admit to.

She's in danger and only I can protect her.

I won't f*cking lose her again.

I'll crush the b@stard who's after her.

And reunite our family.

One Night Baby is a stand-alone novel of 80000 words. As always, lots of love and romance and a very satisfying HEA!

It's the first story in a compilation of four of my romance novels for your reading enjoyment:

One Night Baby (new release)

Daddy To Be

Billionaire's Surrogate

Forbidden Baby

Sneak Peak of Love Next Door

Enjoy!
