Nineteen years ago, Erin Baker's sister, Claire, was kidnapped from a park in Miami. Although Claire was found four years later, the tragedy had long-lasting effects on both Claire and Erin, who still blames herself. Now a CIA officer with three martial arts black belts, Erin has dedicated her life to defending those unable to protect themselves. Then a child disappears near her home, bringing up long buried memories, and Erin becomes convinced there's a link to her sister's kidnapping case.

When several children go missing near Washington D.C., FBI agent Alex Donovan, who specializes in locating missing children, is charged with heading the investigation. Then Erin Baker shows up, claiming to have seen a potential suspect that fits the description of The Magician, an alleged child abductor so elusive many believe he's just a myth. Before long, Erin and Alex find themselves embroiled in a horrifying world where children are stolen and trafficked. Now it's a race against time to find the missing children before it's too late. But the closer they get to the truth, they and everyone they love become targets for a killer.

With deeply-drawn characters, a relentless pace, and a powerful plot that echoes the most shocking headlines, Out of Reach is a suspenseful thriller that will keep readers turning the pages right up to the suspenseful and nerve-wracking end.
