**All I ever wanted was to be Prince. Until I met her.  
Now I have to choose -- her or my throne.  
And the clock is ticking...**

I'm a royal ladies' man. A British Prince with an appetite.  
But my particular thirsts need to be kept secret.  
Submission. Domination. These are my only addictions.  
I can have any woman I want, but there's only one I crave.  
Heidi. An American supermodel with curves to die for.  
I want more than skin and bones under my hand,  
And Heidi has it all. She begs... and I take.  
But when our secret gets out, my family's not happy.  
I want a royal wedding, they just want her gone.  
Marry her, and I lose it all. No title. No money. No crown.  
But I don't care about my title or my billions.  
All I care about is Heidi and the child she's carrying.  
Damn the throne. Heidi and her baby are mine.  
And I always protect what's mine.
