Icy as the Montana mountains...
Cameron is cold, remote and guarded.
And it's getting hard to ignore the rumors.
But when I see how he cares for his little girl...
I start to wonder if giving him a baby is really such a crazy idea.

He's the sexiest man to step foot into Whitefish, Montana.
And there's something he desperately wants from me...

The surrogate agency thinks we'd make a great match.
My best friend might think I'm crazy.
But I know a good man when I see one.

I just hope whatever he's running from is locked away for good.
