**I just don't want to SAVE her...I want to stand by her FOREVER!**

The last time I saw her, she was in High School  
I always saw her as my best friend's little sister  
And now I see her after years...  
The fear in her eyes worries me  
And I didn't realize that she is gonna be that important to me  
After all, I was a guy who shied away from a relationship...or at least a real one!  
I had made Fire Station my home and the people serving there my family.  
And I was okay with growing old there and dying there alone  
But, Andrea made me reconsider that  
And I know I can and I will...I am so ready for our future together!

*The only question is if she also see's in my eyes - THE LOVE, THE SUPPORT & THE CARE?*

*A heartwarming steamy romance that has no Cheating and a guaranteed HEA. Bonus Content included in ebook version after the main story.*
