**I was bought and paid for at an auction of dirty billionaires.**

Trina's in a bad spot. Her little brother Mickey is desperately ill, and they can't rely on Grandma Nana's disability checks. So she goes to the Billionaires Club, willing to do anything and everything they demand.

Gray's running inventory for the Billionaires Club this year, and that inventory is luscious, curvy women. He's supposed to be scouting potential prospects, but when a certain feisty brunette goes up for sale, everything screeches to a halt because Gray is determined to own Trina himself.

*Hey Readers - As usual, this is another off-the-charts crazy story set at the dirty Billionaires Club. But we promise, you'll love the romance between Trina and her possessive alpha male. As always, read with an ice cold drink nearby because you're going to need it! Love, Cassie and Penny*
