What could be worse than letting billions die?

In the near future, to escape the crush and clutter of a packed and polluted Earth, the world's elite flock to Atopia, a massive corporate-owned artificial island in the Pacific Ocean. It is there that Dr. Patricia Killiam rushes to perfect the ultimate in virtual reality: a program to save the ravaged Earth from mankind's insatiable appetite for natural resources.

Now in development as a new TV series, *The Atopia Chronicles* (Book 1 of the Atopia series) is the tale of mankind's dark slide across the apocalypse as humans and machines merge in a world teetering on the brink of ecological ruin.
