All I want for Christmas... is a baby.
But she's giving me her virginity as well...

It's no secret.
I've wanted to be a dad for as long as I can remember.
Needed an heir to my fortune.
I ached for it. Burned with obsession.
But now I ache for her.
Lara.
Our eyes met from across the room, and I knew she was the one.
Curvy. Seductive. Innocent.
But we live a thousand miles apart.
So it's just one perfect night, and then we're done.
Until I get a phone call...
She's in trouble, and I'm a thousand miles away.
But I'll do anything to save her.
Now it's time to make this woman my wife.
And the woman who'll bear my child.
This Christmas I'll give her my heart.

And she'll give me the gift I've always dreamed of.

For a limited time, this book also contains a USA Today best-selling novella, Dark Nights, by Holly and Tara. It's our little extra Christmas gift to you, the gals who let us do what we love.
