It was a f*cked up situation.

"I don't want you. Just your baby."

I wanted to say no.

But second chances don't come around often...

My billions buy me whatever I want.

Except Julia.

I had her once and f*cked things up.

Now she's back. And this time, I'm marking her as mine.

She just wants a baby, but I just want her.

I'll give her what she wants, but on one condition.

We do things the old-fashioned way.

She says she doesn't do relationships,

But she's already submitting.

One taste wasn't enough for me. I want all of her.

Every sinful curve. Every mouth-watering kiss.

Now she's pregnant, and I won't let her go.

Julia can try and run, but she can't hide.

I don't care about my money. I just care about my family.

Can I stop Julia from running from our past... and get her to run towards our future?

"The Baby Package" is a full length standalone romance with no cheating and no cliffhangers, but with plenty of steam and a HEA. I've also included bonus content for your reading pleasure! - Sarah J. Brooks (USA Today Bestselling Author)
