Trust and Treachery

When space freighter pilot Calen Macleef accidentally wins Larissa “Bit” Earnest in a lucky hand of poker, his main concern is what his gruff and uncompromising brother Jack will say about it. Jack Macleef is the captain of the ship in a world where space travel has only recently become the norm and space piracy abounds. Painful memories of prior abuse surface for Bit as she finds herself on a freighter full of rowdy, ungentlemanly merchant marines. Jack works to find a safe place for frightened Bit amongst the ungentlemanly crew, but good looks and innocent ways continually charm the men. With tension and danger running high, each begins to wonder: will they survive the pirates... and each other?

Broken and Hunted

Mars: a beacon of safety and refuge, unless you’re transporting the disputed embryos of genetically modified animals intended for auction to the Martian elite.

Jack Macleef and his small crew of interstellar merchant marines—including “Bit,” an unexpected indentured servant—think they’re on a simple cargo drop when things suddenly go awry. Dodging paint-hurling protestors and mercenaries bent on terrorizing the crew’s families, Jack and Bit have their hands full as they try to keep the crew from falling apart while still delivering the cargo on time.

Profit and Peril

After the delivery from hell, the crew of the Lenore is ready for a well-deserved rest. But just as they reach their ship, they receive an offer they can’t refuse. Desperately needing money to repair the limping Lenore, Jack Macleef takes

the job, even though it toes the line of legality.

To his astonishment, the crew agrees to the illegal job.

Just when Bit thinks she has her male crewmates under control, a fresh wave of romantic inclinations wash through them, and Bit is forced to deal with it the only way she knows how—with a swift fist to the eye.

With half the crew tripping over itself to get to Bit, Jack flies the Lenore to Nye space station with the intention of secretly installing a nuclear reactor, freeing the station from the planetary government's control. If he can succeed, he will have the money to repair the Lenore. If he fails, more than one life will be ruined.
