Reality is sometimes not what it appears to be.

Dr. Albert Snowden just wanted to be there for his niece, Emily, after the loss of her father. Being abducted by aliens, and then rescued by a mysterious being known as Evaran, has made that difficult. Despite their situation, they try to make the best of it while traveling through space, time, and beyond with Evaran and V, Evaran's trusty mobile artificial intelligence. With the use of Evaran's time-traveling ship, the Torvatta, they will try to maintain timeline integrity while dealing with the challenges that brings.

This box set contains the first three books in the Evaran Chronicles. If you like science fiction, time travel, technology, and adventure, then this series is for you.

The Awakening—Book 1 of the Evaran Chronicles

A heavily damaged alien research vessel in the Andromeda galaxy is hurtling toward a planet. The aliens should not be there. They have been traveling through space and time, abducting apex predators and sticking them in virtual simulations for research. The problem is the virtual simulations are powering down, unleashing the specimens on the ship.

Dr. Albert Snowden and his niece, Emily, were abducted by the aliens. They are visited by a mysterious being named Evaran in the last minutes of the virtual simulation. He has decided to interfere in this timeline-changing event and rescue them.

Stopping the ship from crashing into the planet before getting to Evaran's ship is one issue. Navigating the apex predators on the loose is another. To make matters worse, Jerzan Graduul, infamous leader of the Bloodbore mercenary pack, has boarded the ship in search of salvage opportunities and has noticed Evaran's ship. The hunt begins.

The Fredorian Destiny—Book 2 of the Evaran Chronicles

The timeline is wrong. This is discovered when Dr. Albert Snowden and his niece, Emily, travel with Evaran to a galactic cultural exhibition event on Kreagus, the capital home world of the Kreagan Star Empire and galactic superpower near Earth. The Fredorians should be presenting an ancient artifact, known as the Arkaron, to the Kreagan emperor. The problem is they aren't. Evaran has decided to step in and help the Fredorians achieve their destiny while stabilizing the timeline.

They must find the three lost Arkaron crystals in order to assemble the Arkaron. To make matters worse, Seeros, a powerful industrialist, has put a price on their heads, causing bounty hunters to harass them each step of the way.

As if that weren't enough, an unknown faction is hiring freelance mercenaries to hunt them down as well. Evaran is joined by others, and together, they will have to navigate these perils to assemble the Arkaron and achieve the Fredorian destiny.

The Purification—Book 3 of the Evaran Chronicles

The past has changed, and the timeline has been updated.

Dr. Albert Snowden and his niece, Emily, experience this while traveling on Evaran's temporally shielded space-and-time-traveling ship. What they discover is that humanity has taken a different path, one that has made Evaran decide to interfere and change human history.

Discovering what caused the change is one issue. Dealing with the nonhuman factions in Earth's past is another.

To make things worse, Dr. Snowden has to deal with a personal issue. It does not help that Emily is on a prison planet where she must survive, alone.
