**My dirty little secret slipped out.
I've never had an "O"...**
Now a mysterious stranger is making me an offer...
And I can't wait to say: Yes!

My name? Mr. No "O."
I specialize in women's secrets.
No shame. No guilt. No rules. Well... One rule.
No touching.
I can't risk being hurt again.
I'll get you off. That's a promise. But only through the phone.
You'll never see me, never know who I am.
But that's what makes it so good.
I learned Erin's secret along with the rest of the world,
And promised to help her.
The closer Erin gets, the closer I come to forgetting my grief.
Maybe I deserve to be touched...
Maybe it's time Erin screamed my real name.
Mr. Oh-Oh-Oh My God...
