I like it fast. She likes it faster. Who will win this race?

As founder and CEO of UnCaged Fitness, I sponsor some of the hottest fitness properties around. Top female athletes and models beg for my attention. I'm rich. I'm ruthless. And when it comes to my business, I don't play around.

Until Emma James and her beautiful curves comes to Daytona.

With dreams of winning the NASCAR Cup, Emma has one speed – fast. She's hot, deadly behind the wheel, and she doesn't take crap from anyone.

Especially me.

Which only makes me more determined to have her. If she doesn't take me down first.

**** This is a full length novel with a happily ever after, no cliffhanger, no cheating, and plenty of steam. For a LIMITED TIME, this copy ALSO includes another brand new NEVER BEFORE PUBLISHED book of mine, The Fight, as a bonus. ****
