

PDF | The Secret History of the
Mongol Queens: How the Daughters
of Genghis Khan Rescued His Empire

by Jack Weatherford

[Try Audible and Get Two Free Audiobooks](#)

The Mongol queens of the thirteenth century ruled the largest empire the world has ever known. Yet sometime near the end of the century, censors cut their story from *The Secret History of the Mongols*, leaving only a hint of a father's legacy for his daughters.

The queens of the Silk Route turned their father's conquests into the world's first truly international empire, fostering trade, education, and religion throughout their territories and creating an economic system that stretched from the Pacific to the Mediterranean. Outlandish stories of these powerful queens trickled out of the Empire, shocking the citizens of Europe and the Islamic world.

After Genghis Khan's death in 1227, conflicts erupted between his daughters and his daughters-in-law; what began as a war between powerful women soon became a war against women in power as brother turned against sister and son against mother. At the end of this epic struggle, the dynasty of the Mongol queens had seemingly been extinguished forever, as even their names were erased from the historical record.

Two centuries later, one of the most unusual and important warrior queens of history--Queen Manduhai--arose to avenge the wrongs, rescue the tattered shreds of the Mongol Empire, and restore order to a shattered world. She led her soldiers through victory after victory. In her thirties she married a seventeen-year-old prince, and she bore eight children in the midst of a career spent fighting the Ming Dynasty of China on one side and a series of Muslim warlords on the other. Her unprecedented success on the battlefield provoked the Chinese into the most frantic and expensive phase of wall building in history. Charging into battle even while pregnant, she fought to reassemble the Mongol Nation of Genghis Khan and to preserve it for her own children to rule in peace.

Despite their mystery and the efforts to erase them from our collective memory, the deeds of these Mongol queens inspired great artists from Chaucer and Milton to Goethe and Puccini. And so their stories live on today. With *The Secret History of the Mongol Queens* Jack Weatherford restores the queens' missing chapter to the annals of history.

From the Hardcover edition.

Product Description

The Mongol queens of the thirteenth century ruled the largest empire the world has ever known. Yet sometime near the end of the century, censors cut their story from *The Secret History of the Mongols*, leaving only a hint of a father's legacy for his daughters.
