What to Text Him Back to Keep Him *Hooked* and Make Him BEG to See You Again

Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity.

Because guys covertly appraise a woman's relationship potential this way, many women often have no idea that the way they communicate via text is actually sending the wrong message and thus, they unknowingly end up chasing men away.

Discover the Secrets of Texting Men to *Effortlessly* Stand Out from EVERY Other Woman

Men have their own unique way of interpreting a woman's communication attempts. Therefore, although many

women mean well, they often do things when texting men that sometimes makes them appear too easy, too needy, too bossy, or too boring...even if these things aren't necessarily true about them.

Texting is the one medium of communication in which a great guy can easily get the wrong idea about you. And as these wrong ideas pile up inside his mind, they usually coalesce into a single romance-killing thought: That he can do better than you.

So, what's a girl supposed to do then?

Simple really. All she needs to do is understand exactly how men appraise female texting habits and how to use this knowledge to differentiate herself as being a high-value woman. Doing so will make it easy for her stand out from EVERY other woman who texts him.
